

For 71-72...

MSC Budget Hiked

A \$4.9 million budget for Missouri Southern College was informally approved and adopted this past summer by the MSC Board of Regents-Trustees.

The budget document estimates 1971-72 expenditures as totaling \$4,973,201, an increase of \$942,624 over last year.

Revenues for this year are estimated at \$4,665,880, an increase of \$529,125. The chief factor in anticipated expenditure increases would be \$500,000 earmarked for an addition to the MSC library building from the unexpended plant fund balance. The budget was informally approved in a telephone poll by Missouri Southern College President Leon Billingsly. The budget recommendations had been in the hands of the members for several weeks. The board failed to meet in the regular session of the month of June because of difficulty in raising a quorum.

Billingsly said the 1971-72 budget does not reflect any substantial increases for MSC programs, but does allow for five more faculty members in areas of need, including art and music.

The grand totals anticipated receipts and expenditures includes estimates of \$511,890 in receipts and \$351,261 in expenditures in operation of auxiliary enterprises such as the college union, housing, and the bookstore.

This year, state revenues will account for the largest single share of receipts in 1971-72, with a total estimate of \$2,292,490, an increase of \$334,185. The sources are direct appropriations for the senior college division and state aid for the junior college division.

Other estimated sources for this year include:

State and local taxes, \$775,000; fees, \$670,300; federal, \$230,250; other local, \$81,300; student activities, \$52,000; auxiliary enterprises, \$511,890; and student aid, (such as scholarship funds), \$72,600.

As in the past personal services will account for the largest single share of expenditures totaling an estimated \$2,355,532, an increase of \$224,386.

Other estimates in expenditures include:

Operating, \$869,698; student activities, \$177,210; equipment, additions and replacements, \$210,900; student aid, \$104,600; small capital projects, \$171,000; payments on general obligation bonds, \$208,000.

The budget estimates expenditures totaling \$2,437,609 for all salaries, compared to \$2,216,486 for the past year. The totals include \$1,470,915 and \$1,305,920, respectively, for full-time personnel involved in instruction.

A break-down of salaries as to departments is as follows:

Administrative, \$117,900; clerical, \$109,747; health-nurse, \$6,000; health-physician, \$3,000; instructional — full-time, \$1,470,915; instructional, part-time, \$13,932; librarians, \$54,216;

librarian, part-time, \$1,782; audio-visual staff, \$12,700; student personnel services, \$70,400; counselors, \$36,180; plant maintenance, \$39,900; plant operation, \$101,940; work-study, student employment, \$74,545; student help, \$44,375; instructional-summer, \$70,000; instructional-evening, \$63,000; instructional - contingency, \$25,000; public service and extension, \$22,000; student activities personnel, \$9,000.

The administrative salaries for Missouri Southern College are a shared expense between the

Junior College District of Jasper County and the State of Missouri. The Junior College District pays 60 per cent of the salaries, and the State pays 40 per cent for the operation of the upper division. Salaries as approved by the Board of Regents-Trustees are as follows:

President, \$29,000; Dean of the College, \$22,500; Director of Business Operations, \$20,500; Director of Placement, \$19,500; Dean of Student Personnel, \$18,000; Dean of Men, \$14,580; Dean of Women, \$11,900; Director of Testing and

Guidance, \$12,900; Division Aids and Awards, \$12,200; Registrar, \$13,230; Director of Admissions, \$12,960; Division Chairman (4), \$17,750, and Director of Public Information, \$12,000.

Bulletin

The Student SNEA chapter at Missouri Southern College held an invitation picnic Tuesday night of this week, according to Barbara Hill, publicity chairman of the group.

President of the MSC organization is Roger Sisco, also president of the student body.

Vice-president is Kent Estes, who also serves as the state secretary of the Student Missouri State Teacher's Association-National Education Association.

Other officers in the group are Zana Herd, chapter secretary; Ray Dell Willard, chapter treasurer; and Mrs. Brenda Jones, program chairman.

Sponsors of the group are Dr. Lloyd Dryer, MSC professor of psychology and Dr. Leland Easterday, assistant professor of education.

The Student MSTA-NEA office is located in R-212 and members are encouraged to stop by any time.

A list of events scheduled follows:

OCT. 19 — Special film showing.
NOV. 16 — Guest speaker, "American Education."
DEC. 21 — Christmas Tea.
JAN. 18 — NEA program.
FEB. 15 — Dinner meeting.
MAR. 21 — Slide program, including all area officers.
APRIL 18 — Theme "Ecology."
MAY 16 — Final meeting.
All day meetings will be in S-205 at 1 p.m. unless otherwise announced.

Freshmen learn of MSC life-style

Incoming freshmen participated in the summer orientation in recent months. The purpose of the new program is to familiarize freshmen with Missouri Southern College on a more personal basis. However, only 550 of an estimated class of 800 took part in the summer project.

Campus officials spoke to the new students hoping to acquaint them with the school's policies.

Dick Humphrey, director of financial aids, elaborated on the services of his department.

Mr. Matthews, a campus security official, related the new services his department will provide, while Dean Dolance explained general educational requirements.

Those students attending MSC on the GI Bill of Rights met in a group to discuss their particular situation as did students who will live on campus.

United Fund Campaign Set at MSC

By MARTA POYNOR
Staff Writer

The values and purposes of the United Fund campaign were cited by Fred Cinotto, chairman for the MSC United Fund drive, during a breakfast held for campaign workers September 16 at the College Union Building. The event was under the direction of Bryan Bickel, manager of Professional Food Services at MSC.

The nationwide United Fund campaign supports agencies of the handicapped, orphaned and underprivileged. The United Fund drive provides funds for fourteen organizations in the Joplin area including Cerebral Palsy, American Red Cross, Big Brothers, YMCA, Boy Scouts, Girl Scouts, USO, YWCA, Association for the Blind, Childrens Mercy Hospital, Salvation Army, Joplin Boys Club, Health and Welfare and the Service Center. The MSC drive is part of the Joplin campaign which has set a goal of \$215,480.

Volunteer workers at MSC include Bryan Bickel, Milton Brietzke, Charles Carr, Mrs. Edith Compton, Jimmy Couch, John Cragin, Miss Lucille Dinges, William Elliott, Charles Evans, Dr. Leland Gier, Richard Humphrey, Mrs. Mary Johnson, Byron Kruse, Douglas Landrith, James Maupin, Mrs. Bettie Mueller, Ronald Robson, Mrs. Drenda Simmons, Dr. Robert Steere, Daniel Stengel, Arthur Strobel, Dr. P. K. Subramanian, Miss Carol Swanson, Dr. James Volskay and Fred Cinotto.

Guidance personnel administered the Opinion Attitude and Interest Survey. Slides were utilized to show points of interest, rather than tours of the campus. Toward the end of the curriculum, freshmen were pre-enrolled for the fall semester.

Now that the fall term has begun, eight additional orientation classes will be initiated.

The schedule will be as follows: FIRST WEEK — The student handbook will be distributed and discussed.

SECOND WEEK — The library facilities and services will be discussed.

THIRD WEEK — Representatives from student organizations will give a presentation of their activities.

FOURTH WEEK — Representatives from industry and education will explain what employers look for in job ap-
(Continued on Page 2, Col. 2)

Guest Speakers Set For Orientation

Lonnie Wood, retired superintendant of the Independence, Kan., school district, and Don Wilson, personnel manager for the Vickers division of the Sperry-Rand Corporation, will be guest

speakers at freshman orientation classes September 21 and 22 in the College Union Ballroom. They will discuss factors important in employment and what employers look for in job seekers, emphasizing characteristics which are not mentioned in the classroom. The program will be opened to all students, and special invitations are extended to students graduating this year who will be seeking employment.

Wood, who will discuss employment in the field of education, will speak at 10 a.m. and 11 a.m. September 21. Having graduated from Kansas State College at Pittsburg and attended the University of Wyoming and Colorado State College of Education, Wood taught in Kansas Schools 29 years. He was superintendent of the Independence school district 17 years before his retirement last spring. Wood is a former member of the KSC Alumni Association, Kansas Advisory Council on Education, Governor's Conference on Education, legislative committee of the Kansas Teachers Association and was a 1969 recipient of the Kansas Master Teacher Award for outstanding school and community service.

Wilson will focus his talk on employment in industry and will speak at 8 a.m. and 1 p.m. September 22. He is a graduate of Northeastern Oklahoma State College and before becoming personnel manager for the Vickers Corp., he was employed by the Tulsa division of Sperry-Rand Corp. Wilson is a member of the Joplin Chamber of Commerce, Junior Chamber of Commerce, American Society for Personnel Administration and Tri-State Personnel Directors.

The program is under the direction of the Placement Services in its efforts to prepare MSC students for job interviews and employment in various fields.

First Play At MSC Alive, Well

"Rosencrantz and Guildenstern are Dead," the first College Players production this season at Missouri Southern College, is alive and well. The British drama is scheduled for a six night run October 11, 12, 13, 14, 15 and 16. The comedy-drama is a statement on the increasingly bewildered search for identity that has characterized our times. Although set in the Elizabethan Period, "Rosencrantz and Guildenstern" nevertheless has much to say to us today.

The play's plot is simple: it is the Hamlet story told from the point of view of two extremely minor characters, Rosencrantz and Guildenstern. They don't know what is happening, what they are doing or what they are supposed to do, and they don't really care. They are more concerned with discovering whether or not they really exist.

Tryouts were held Wednesday, September 8, and rehearsal began Friday with the following cast: Rosencrantz, Mike Deaton; Guildenstern, Dennis Garrison; Player, Terry Sherwood; Alfred, Deb Smith; Gunthar (1st tragedian), Gary Wilson; Olafson (2nd tragedian), Tom Hind; Gryndas (Viking Woman), Melissa Baldwin; Claudius, James Strahl; Gertrude, Lola Swan; Hamlet, Steve Burnett; Polonius, Sal Pinola; Ophelia, Joy Baldwin; Bernardo (an officer), Gary Sorenson.

New Women's Dean Airs Ideas, Opinions

Miss Linda Hill has accepted the position of Dean of Women at Missouri Southern College, according to Rob Robson, director of public information.

Miss Hill replaces Miss Yvonna Wilson, who left MSC to accept a similar position at Southwest Missouri State College in Springfield, Mo.

Miss Hill views her responsibilities as being three-fold. She will administer the women's residence hall, take charge of disciplinary measures relating to women students, and participate in, as well as advise, the organization of activities.

The young and personable administrator believes that student rights should be based on student responsibilities.

For example, she has lived in an academic situation where no dorm curfew existed for women students. No major problems were observed, however, because the women were responsible.

Although these regulations were favorable to her, she believes that a girl can be just as comfortable and have just as much fun where curfew hours do exist.

According to Linda, a girl has basically two motivations for living on campus. One is to seek an education while the other is to get away from home. Those attending college to get away from home should respect the rights of the more serious students.

Although Linda feels that if a girl parties every night she will have trouble with her grades, she wants the girls to have a good time as well as share in policy-making decisions.

Dean Hill will play a particular role in the sponsorship of campus sororities.

Linda grew up in Oklahoma City, where she attended high school. She received her BA from Oklahoma State University and completed graduate work on a Master of Education degree at Colorado State University at Fort Collins, Colo.

Upon graduation, she spent the summer of 1970 traveling abroad. With only one suitcase, a rail pass and no definite plans she toured the European continent, as well as Great Britain. Many nights were spent sleeping on moving trains.

Once back in the states, she spent the fall of 1970 and spring of 1971 teaching English at Central High School in Tulsa, Okla. She was first contacted by Dr. Floyd Belk of MSC around July 1

concerning a possible position at the college.

Two of the reasons the position of Dean of Women appealed to her involved the size of the college, and the attitude of the administration. Linda says the school is small enough for her to get acquainted with the students on a personal basis. She is also pleased that the administration seems willing to try out new ideas. She arrived in Joplin on Aug. 1, but just recently settled at a permanent address.

One of her first assignments was to attend the leadership conference which was held Aug. 6-8. Linda states that some people got to know each other better as a result of the conference.

Such conferences turn potential leaders into actual leaders, according to Linda. She believes this year's conference could have been much better, but, like she said, "It could have been worse too."

The new Dean of Women is not nervous about the responsibilities of her new job. Linda has been a student so long, she feels "comfortable in my new position." As far as advice to new girls on campus, Linda says, "Take it easy for a while. Find out who you are and what you want out of life. Once you get to know yourself, set your goals."

Freshmen Learn

(Continued from Page 1)

plicants other than academic achievements.

FIFTH WEEK — An interpretation of the grades that were scored on the Opinion Attitude and Interest Survey tests earlier in the summer will be given to the freshmen.

SIXTH WEEK — SEVENTH WEEK — College department heads will speak on their respective departments and the

Tuition Increases In Effect

Tuition increases of approximately \$20 per student have gone into effect this year, as announcement of the raise was made last March.

However, this \$20 may be refunded to the students as a result of a recent ruling by the Office of Emergency Preparedness. The ruling states that 10 per cent of the student body must have paid a deposit on their fees for the upcoming term prior to Aug. 15, 1971. Since no such deposit was required by Missouri Southern College, it would appear that the college is not legally allowed to raise fees this term, and a refund is in order.

Students are urged to save their receipts from purchases made at the college bookstore, as some price increases there may also be illegal. This is particularly true of purchases of physical education uniforms which have gone up 20 per cent over last semester's prices. The college plans on refunding all price increases that are ruled illegal.

Faculty members have not received their scheduled pay increases that were originally to go into effect Aug. 23. However, administrative personnel received from four per cent to 10 per cent pay increases over last year's salaries.

This is because administrative salary increases took effect before the Aug. 15 Presidential wage-price freeze. If retroactive pay increases are allowed, faculty members will be refunded approximately five per cent of their total earnings during the freeze. Currently, faculty members are living a 1970 pay scale, while the cost of living since 1970 has gone up seven percent.

The over-all general state of the economy will not seriously affect Missouri Southern's physical expansion. In fact, bids on the expansion of the library will be taken during the month of February. The new wing of the library will double its space to more than 12,000 square feet.

job opportunities that exist for graduates in their particular areas.

EIGHTH WEEK — Registration for second semester will take place in class.

the *Chart*

The Chart is the official student newspaper of Missouri Southern College, Joplin, Missouri. It is published every two weeks during the regular academic year except during vacations and final examination weeks.

Editorials and signed feature articles do not necessarily reflect the opinion of students, faculty or the administration of this College. Letters to the editor are welcomed and will be printed whenever possible. The editors, however, retain the right to edit letters to conform to space limitations.

STATIONERY and GIFTS

Senate Elections Today

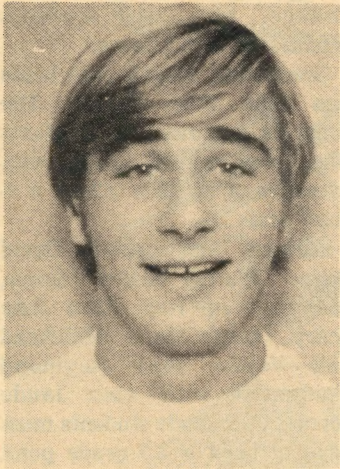

EDITOR'S NOTE — Senate elections are being held today, and in the following story, several persons running for the office of student senator have stated their reasons for running, plans, qualifications. Unfortunately, information and pictures for all persons seeking the office of senator were unavailable. In some, cases, however, pictures were available. Our apologies to those not included herein. The next issue of The Chart will include all winners of student officers elections and all new student senators.

GLENDIA TURNER — I am a second-semester freshman at MSC and I feel, because of this, that I already have an insight to what lies ahead for the freshman senators. I feel I can make a contribution for the betterment of our class and our school. My qualifications and my reason for running are the same: simply an interest in moving ahead for the benefit of all. I know how the senate works by seeing it first-hand. I know some of the problems that lie ahead and the answers are starting to appear.

BILL LEWIS — I attended Ozark Bible College for three semesters after graduating from Carterville High School. I traveled for one year with the National Cast of "Up With People." I hold the offices of Executive vice-chairman and member-at-large of the executive committee of the MSC Young Republicans, and I was district co-chairman for the Missouri Intercollegiate Student Legislature. I have, for a couple of semesters, been very interested in the student senate and have not liked the way it has been used. I hope to be logical and realistic in planning to do what can be done and to be objective and truthful in telling the students what they want to know.

RICK HARMON — I feel that past and present experiences have given me a special insight into the needs and interests of today's college youth. Specifically, my experiences range from membership on the governing board of Joplin's youth center — "the Nest," — to three exciting years as a disc-jockey on three local radio stations; the latter, I believe, being the most unique and qualifying credential I can present. In these three years I have had the delightful opportunity to examine the needs and desires of tomorrow's adult society. With membership in the Student Senate I'll be able to better serve the students of Missouri Southern College. In short, I feel my qualifications and sincere concern meet the expectations for a prospective member of the Missouri Southern Student Senate.

CAROLYN BASTIN — Senior, Sociology Education Major; Member, Sociology Club, SNEA,

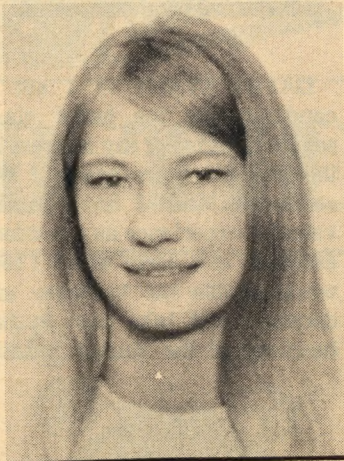

Diamond solitaires are for

Psychology Club, Young Republicans, BSU, and former member of Phi Theta Kappa. "The best possible way to involve the student population at MSC in campus activities is to give them a voice in our student government, thus creating an interest in all activities sponsored on our campus. I feel that if new and creative leadership is attained in the student senate all students will have a chance to voice their opinion in the student government, thus leading to a better organized campus environment and increased communication."

JUDY HUTTON — I would like to represent the student body of MSC by becoming a senator. To strive for the needs of the students and to see that legislative steps are taken to satisfy those needs. Since students are what make up a college, the ideas and principles should be taken into consideration. I feel I am qualified to do this.

GAYLA CLEMENT — I wish to become a member of the senate because I want to achieve and be active in college life and I will be able to serve my fellow freshmen classmates. I feel that not only my background gives me some qualifications for the job as senator, but also my desire to serve my class.

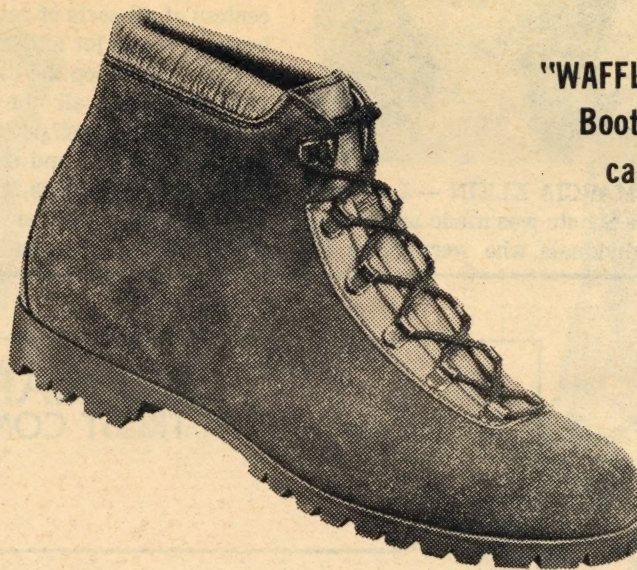

SCOTT HICKAM — The average student comes into little contact with the scope of the

student senate. The complicated scheme which represents the students of this campus is almost totally unknown to those who are being represented. Few know who their class officers or senators were last year or have any idea of the legislative activities of the previous senate. It is my contention that a good deal of this problem is merely a lack of concentrated effort on the part of the senators, wholly and individually, to inform the constituency. For that reason, I wish to offer my services as a senator. I offer my judgment, my knowledge of student affairs, and my pledge to keep the students informed at every available opportunity. If these are the services you wish performed by the senate, I solicit your support.

MONA WHITE — I would like to be a senator because I feel that the Senate is the true voice of the students on our campus. I would like to take an active part in making that voice heard.

"WAFFLE STOMPERS"

Boots are walking the campus scene, and no

BRUCE LAISS — I feel that holding the position of student senator would enable me to promote the objectives of the student body and its constitution. I will try to act as an intermediary between the faculty and student body, and hope to gain experience in the functions of the student government.

MARY DAVIDSON — Although I have never held an office in the past, I believe that I am qualified to represent the freshman class in the senate. I would give my best if elected.

GARRY GRAVES — I wish to represent the sophomore class in support of student government. Work with students and instructors in regard to any and all queries concerning student activities, functions, school policy, suggestions and any other problem or discrepancy. I will fulfill the obligations of my position to the best of my ability.

KENT ESTES — Member, Student-Faculty Athletic Committee. "The Senate, this year

especially, desperately needs leaders who can make the organization function in a productive way. Students and faculty alike are beginning to say that the senate is 'silly' and 'useless.' I feel it can, with the proper leadership and members, be a powerful body which can and will be respected by students, faculty and the administration. It can be useful and productive if the voters consider the candidates carefully and select those they feel will do the most for the school."

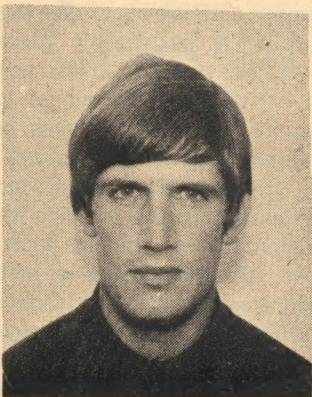

BOB MILLS — I feel that I do have a contribution to make to student government. I have been active in many student groups in the past and I know a wide range of people, especially in the freshmen class. Because of this, I feel that I not only understand the needs and desires of the student body but that I can also be effective in carrying out these desires.

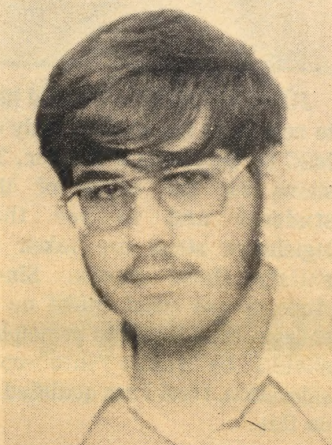

MARCIA KLEIN — Last year the Senate was made up of those individuals who were there for

their own personal pleasures. They were a group of bickering and immature students which made the Senate a non-functional and ineffective body on campus. I feel the Student Senate can be a powerful and functional governmental institution if the qualified are elected.

DAVID EVANS — I am a candidate for the junior class senate because of my interest in the legislative processes of the senate at MSC. I have gained valuable experience as a resident assistant in a dorm which I feel would enable me to better understand and take part in the functions of the student senate.

JOHN RADER — Colleges are an important institution in the future of America. They are the centers of all sorts of revolution, however, I call for a "Revolution of Hope" to sweep the campuses and eventually all the nation. M.S.C. has the fresh potential for such a revolution and should be proud of it. Therefore, I see the Student Senate as an existing facility for the realization of a

66 Graduates In Summer Class

Sixty-six students received degrees Saturday, July 31, during summer commencement exercises at Missouri Southern College, with nine students graduating with honors.

Graduating magna cum laude was Julie Wren Conner. The honor is bestowed on students who have over-all grade point averages of at least 3.7 on a 4-point scale.

Barbara Ann Beeler, David Bogner, Norma Elaine Hinson, Jack Andrew Ray, Elva June Sharp, Gladys Marie Whitehead and Velma Mae Raymond graduated with cum laude honors. Cum laude students must have at least a 3.3 grade point average.

Robert P. Foster, president of Northwest Missouri State College at Maryville gave the principal address. He advised the graduates to set a goal of "a life of learning," and told them that as college graduates they accept moral responsibility to work in

making the world a better place in which to live.

The degrees were conferred by Dr. Leon Billingsly, president of MSC. Dr. Edward S. Phinney, dean of the college, presented the class. The invocation and benediction were given by Dr. Harry G. Parsons, pastor of the South Joplin Christian Church.

The commencement convocation marked the third annual summer commencement since MSC became a four-year institution and the 33rd annual commencement for the junior college division.

Council of the Voice of the Student Conscience, capable of serving the needs of students and setting an example for others in society to follow.

Pi Beta Will Go National

History will be made this semester within the ranks of the Greek system at Missouri Southern College.

Pi Beta Lambda fraternity, during the last six months, has worked its way through the chain of command and technical formalities toward a charter with the national Kappa Alpha Order.

On Aug. 3, the 106-year-old national organization approved the final formal petition from Pi Beta Lambda under Kappa Alpha Order 1-801 and decreed that the second oldest fraternity at MSC will be installed as the Delta Pi Chapter. The installation of Pi Beta Lambda will make the 91st active chapter of KA in the nation. The MSC chapter will be one of seven KA chapters in the state of Missouri. Others included are Missouri University, 1891; University of Missouri at Rolla, 1903; William Jewell College, 1887; Southwest Missouri State College, 1947; Drury College, 1906, and Westminster College, 1890.

Pi Beta Lambda brothers Randy Scholze, president, and Jeff Dymott, treasurer, attended the 25th annual KA Officers Training School at the University of Tulsa the week of Aug. 11. Scholze went on to attend the 54th annual KA convention in Tulsa at the Camelot Inn and was initiated as a model initiate at Trinity Episcopal church before 1,200 KA alumni and undergraduates.

The new fraternity will appear on campus sometime in October this year after a week of training installation banquets, and the installation itself, to be conducted in a local church by the national officers from Atlanta, Ga. and by KA members from surrounding areas, and chapters.

Members of Pi Beta Lambda feel that this is the most significant step they have made in their two-year history. The entire Joplin community should benefit from the presence of this national fraternity. Some 32 KA alumni are living in the Joplin area, and a Joplin Kappa Alpha Alumni Association will be organized at the same time as the installation of the Delta Pi chapter.

Scholze has expressed his belief and hope that more national fraternities will appear on campus, along with the appearance of more local fraternities.

Summer Enrollment Up

Missouri Southern College officials reported a final enrollment for the MSC summer session of 1,127 students. This represents an increase of 97 students over the summer session of last year. The total included day and night classes and workshops.

Employment, loans and grants assist many students at the University of Missouri.

Film Classics On Tap For MSC Student Body

The Spiva Art Center will begin its tenth season of International Film Classics with a free Open House featuring an evening of short films to be shown at 7:30 p.m. Tuesday September 14, at the Fine Arts building on the Missouri Southern College campus. Included on the program is an anthology of excerpts from Charley Chaplin's EASY STREET, Buster Keaton's COPS and Harry Langdon's THE STRONG MAN.

In EASY STREET Chaplin plays a derelict, and the action centers about a Mission as he succeeds in reforming the residents of Easy Street. In COPS, Buster Keaton becomes involved with, and disrupts a police parade. As a result, he is the object of cinema's greatest chase! Harry Langdon's THE STRONG MAN is considered by

many to be one of the all time great comedies, and the individual episodes, ranging from the subtle pantomime to outright slapstick, include some of the funniest sequences ever filmed.

Other short films to be shown on the two hour program are described as follows: THE CRITIC is an Academy Award-Winning cartoon which spoofs both art films and art exhibits, as well as the people who go to them. In the brilliant Dutch production SEVEN AUTHORS IN SEARCH OF A READER, the allusions to the painter Seurat and the playwright Pirandello suggest something about the nature of the film. It is a fantasy on the theme of the relationship between the author and his public.

The film WHITE MANE is a tragic and mythic story of a boy's love for a wild horse, superbly photographed against the watery wilderness of the Camargue region of southern France. WHITE MANE was presented several years ago on the CHILDRENS FILM FESTIVAL television program.

The nine program film series will continue October 12 with the presentation of THE BLUE ANGEL, a drama featuring Marlene Dietrich and will end April 18 with IVAN THE TERRIBLE PART II. On October 26 the very human film TO LIVE IN PEACE will be shown followed by the atmospheric PORT OF SHADOWS on November 23. John Ford's INFORMER is slated for January 23 and on February 8 the Anti-War film ARSENAL is to be shown. Alfred Hitchcock's BLACKMAIL and THE GREAT TRAIN ROBBERY are slated for February 22. The delightful THEY WERE FIVE and THE CRAZY RAY are planned for March 21. All films will be shown on Tuesdays at 7:30 at the Art Center.

A research committee of 15 planned the series which has now been programmed for a decade. With the exception of WHITE MANE none of the 15 features and short films have been shown commercially or on TV in recent years and almost all are being shown for the first time in Joplin. Season tickets for the series are \$5.00 for adults and \$4.00 for students and may be obtained from the Brown Leather Co., 3rd

and Virginia or by sending a check to Spiva Art Center, Newman and Duquesne Roads, Joplin, Missouri.

Attention!

Beginning in the second issue of The Chart, a regular column will be featured, spotlighting bits of wisdom, editorial comment, student feelings, and on-campus activities at MSC.

The column will be written by The Chart's Managing Editor, Jim Price, and will be called, appropriately enough, "Priceless Gems."

"Priceless Gems" will provide students at MSC with an in-depth report and review of what's happening in the world of college.

Material in the column will range from a serious look at some of the problems facing students in the college world, to bits of humor drawn from our local campus.

Mind-provoking, thought-stimulating and a lot of frequent laughs, MSC students will be able to really relate to this new and hopefully successful feature of THE CHART.

Keep an eye on THE CHART for the hilarious, interesting and student-oriented "Priceless Gems," COMING SOON!

Beta Sigma Chi extends pledge bids

The second party was held Aug. 28 at the home of Nancy Howerton in Carthage. Games, general introductions and refreshments highlighted the evening.

The group boasts a membership total of 33 actives. There were approximately 28 rushees at the parties, and 19 bids were extended. Twelve definite bids were signed by prospective pledges on Monday, Aug. 30, with possibly two more.

Officers of the sorority include Beverly Lynch, president; Nancy Howerton, vice-president; Cinda Snip, recording secretary; Martha Cox, corresponding secretary; D'Ann Muhleman, treasurer; Terri Jameson, historian; Debbie Hesseltine, chaplain, and Karen Buck, reporter.

Four members of MSC sorority Beta Sigma Chi attended the

Leadership Retreat at Branson, Mo., held Aug. 6-8 this past summer.

Those attending the three-day event included Beverly Lynch, Sandy Hayes, Vicki Wilson and Nancy Howerton.

Terri Jameson, past president of the organization, and currently serving as historian for the group spent the summer on a European tour, which included visits to Germany and Switzerland.

The sorority held two rush parties before the opening of the fall term at Missouri Southern College. On Aug. 26, a formal rush was held at the home of Sally Roper at 7 p.m. Activities included skits, introductions of rushees and sponsors, and refreshments.

The University of Missouri — Rolla has expanded its policy for granting college credit by examination.

CIRUNA plans Model UN

Members of CIRUNA, the political science and history club, have a big year planned.

Next month the club will sponsor a high school model security council. Nine high schools in the surrounding area will each represent a member nation in the United Nations Security Council.

The object of the exercise is to provide a working knowledge of contemporary world problems through role-playing. Every attempt will be made to place the student in the role of an international diplomat. Should the program prove successful, it will be expanded next year into a High School Model General Assembly of the United Nations involving more than 100 high schools from several states.

CIRUNA members have already begun to research for international relations for the club's participation in the Midwest Model United Nations for Colleges. This event will be held in February, 1972, with over 100 colleges participating. Competition will be keen since such Ivy League schools as Harvard and Yale will be present along with the Midwest schools.

The club prides itself at making an outstanding showing in last year's competition while representing the West African Coast nation of Senegal.

Since international airlines cut-throat competition has drastically reduced the cost of overseas passenger service, the club plans a trip to Europe over the semester break. Some of the countries being considered for visits are Germany, Italy, Denmark, Sweden and the Soviet Union. No definite plans have been made as of yet. The group invites possible new members to attend meetings, or contact a member of the organization.

Fort Hays State Shows Power...

MSC Lions Drop Opener, 37-3

Missouri Southern College struck first in the season opener against Fort Hays State last Saturday night, slapping three points on the scoreboard with Max Mourglia's 21-yard field goal, but the invading Tigers from Hays, Kan. roared back to dump the Lions, 37-3, before a

partisan MSC crowd at Joplin's Junge Stadium.

The Lions of Jim Frazier totaled only four yards on the ground, while the Fort Hays crew rushed for 317 yards and 21 first downs. MSC notched nine first downs.

The Lions' defense, stopping the Tiger running attack on their

first three possessions, found it tough going late in the first period, yielding to the charge of hard-running Fort Hays backs.

Gary Dougherty, a 5-9, 170-pound senior tailback, ripped through the Lions' defense for 144 yards on 15 carries. Dave Wassenberg, a 5-8 198-pound senior speedster, ripped off 108 yards on 13 trips.

John Douglas, the Tiger quarterback, went seven for seven in passes completed, with 76 yards and one touchdown the result.

MSC defenders nailed Douglas three times for losses of 13, 28 and 13 yards.

The Lions offense sputtered throughout the game, with the Lions only strong offensive push coming at the end of the game. Ray Harding, MSC's alternating quarterback along with Mike Sexton, took the Lions towards the defenders goal line following a fumble recovery by Tom Saia.

GRID COACH JIM FRAZIER

MSC will journey to Cape Girardeau, Mo. tomorrow night for an 8 p.m. contest with Southeast Missouri State College.

Coach Frazier said he was confident that MSC has a sound football team, despite the opening season setback. "We've got to work on better execution and emphasize our running attack."

"Civilization" To Come To MSC

The world-acclaimed film series "Civilisation," narrated by Sir Kenneth Clark, will be shown at Spiva Art Gallery on September 21-23 at 8, 9, 10, 11, 12, 1, and 2 o'clock. This film series, consisting of 13 52-minute films and tracing the development of Western Man, is being jointly sponsored by the Joplin Council

for the Arts and the Language and Literature and Social Studies departments. "Civilisation" will be a required viewing for students in these departments.

The first film is "The Skin of Our Teeth" which views the thousand years between the fall of Rome and the rise of Charlemagne and the Gothic period. The period was one of much turmoil where Christianity and learning were limited to a few strongholds in Europe and were protected by the sword from the hordes of Vikings ravaging Europe.

BULLETIN

Missouri Southern college students Wednesday completed the election of 1971-72 class officers.

Senior officers elected were Dave Efird, president, and Jim Ford, vice president.

Junior officers are Kent Estes, president, and Pam Higginbotham, secretary-treasurer.

Race for presidency of the sophomore class ended in a dead heat with Roland Boykin Jr. and Scott Hickman tying for the position. By decision of a coin flip, Boykin will preside. Other sophomore officers are Bruce Lais, vice-president, and Kristen Bailey, secretary-treasurer.

Freshmen officers are Kevin Herd, president; Terry Sherwood, vice-president, and Debbie Baker, secretary-treasurer.

What Stadium?

The following is a pertinent direction for students who don't know where to sit at Junge Stadium for football games.

Go into the southwest gate, turn east, turn north and proceed to the western section of the north end and you will be back where you started. Thank you.

Job Placement Sessions Scheduled For Seniors

Final orientation sessions for students eligible for graduation this year will be held from 6:30 to 8 p.m., September 22 and 23 at the College Union Ballroom. All graduating students are urged to attend one of the sessions.

Fred Cinotto, director of placement services, will conduct the sessions and discuss the services available to students through the placement office. He will also explain important steps in seeking a job, emphasizing the job interview.

Help Wanted

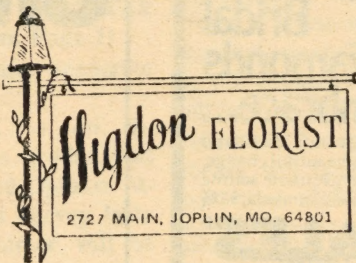

Have a knack for writing? Like to draw? Cartoon? Write stories? Anything?

If so, there's a spot on the CHART staff for you this semester.

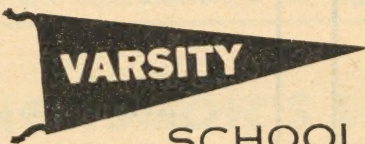

THE MSC CHART is the college newspaper, and with the purpose of creating a more comprehensive, complete and readable paper for students this year, the CHART managers are looking for people who like to write.

If you're interested, contact either Dan Koch, editor, Jim Price, managing editor, or Gene Murray, CHART advisor, OR leave a message in the Chart Offices.

The CHART needs staff writers, artists, and many other types of creative abilities.
